Our team tasks and games are designed to excite, enthrall and entertain with their unique blend of skill and humour. Heads will be scratched and limits will be tested.

Build an ancient monument, crack a brain-bending code or launch a rocket to the stars!

While your teams are stretching their powers of collaboration and observation to the limit, they'll also be learning key skills like delegation, time management and playing to each other's strengths. But most importantly, you'll tackle recurring workplace issues in a fun and relaxed environment.

We'll deliver a bespoke Teamwork Challenges event with games tailored to suit your needs.

CRYSTAL QUEST

DESCRIPTION:

Experience the cult TV classic on your team building day! Our version of the ground-breaking game show has all the quirky features that made the original a rip-roaring success.

The mission is to crack cryptic clues and conquer mental and physical challenges in four fantastically themed zones. Teams must beat each challenge to win crystals. If they fail, they lose vital seconds in the legendary dome.

Teams will need to use every skill at their disposal to power through the maze and enter the crystal dome. Grab fistfuls of golden tickets before the final whistle blows. Watch out for the silver ones - they knock precious seconds off the final score.

Have your teams got what it takes to beat our amazing Aztec, Ocean, Futuristic and Medieval zones - or will the maze have the last laugh?

DURATION:

For this activity we would suggest a running time of approx. 2 – 2.5 hours depending on the number of participants.
